NUMBER 123.

COXEY TAKES WATER

For Three Days He Will Be on the Raging Canal.

A DELAY OF ANOTHER DAY.

General Coxe shows his ability as a manager—Washington authorities becoming interested in the approach of the commonwealth army—Progress made by the various contingents.

CUMBERLAND, Md., April 17.—Contrary to general expectation the army of the commonwealth did not leave here yesterday. The experience of mountain climbing in Pennsylvania, which nearly disintegrated the army, deterred the leaders from attempting the hard climb over the steep ridge of Sidell mountain between here and Hancock.

Taking advantage of the inflow of large contributions that have been received during the stay in Cumberland, Coxe hired canalboats to take the party 85 miles down the canal to Williamsport. Coxe will work his floaters in blocks of two, one barge for the men and the other for the horses and camp paraphernalia.

The canal company was not anxious to transport the party, but Coxe showed his abilities as a manager, telegraphing Washington for permission of General Nicholson to pass the boats through the locks and securing job let freight rate at 52 cents a ton on all of his company, men, horses and lumber. This was 12 cents higher than the rate on coal, but will make three days of pleasant travel against the same amount of weary tramping.

The company has been docility itself since the reappearance of Coxe in camp. Pizzaro, formerly known as the great Unknown, was out of sight and forgotten in 12 hours after his expulsion from "Camp Victory," which was the title bestowed on the Cumberland ball park by Browne in commemoration of his restoration to command.

Smith Pizzaro's last play for notoriety and favor was made last night and was neatly checkmated by Coxe. Smith advertised the appearance of himself, Jesse Coxe and the veiled lady at a 25-cent lecture in Cumberland. Coxe then sowed broadcast a flanking handbill announcing a free lecture by himself and Browne just across the street from Pizzaro's hall, adding to the announcement that Jesse Coxe would not appear at any meeting, contrary reports notwithstanding.

Smith was outpointed. Coxe's hall was crowded to the doors, and the audience applauded vigorously the old stories and smiles of Browne, who, in spite of his uncouth appearance and rough speech, is a great stump artist. But across the street the ex-patent medicine man leaned wearily on the rostrum. He had not a single auditor.

All looks like smooth sailing for the commonwealth for a week to come and there is little prospect of any other mutiny. Barring such an occurrence as the coming of phenomenally bad weather, there now seems no chance of the commonwealth's breaking up before reaching Washington. The great crowd is expected to congregate during the march from Hagerstown to the national capital.

Frye's Army Rests a Day.

EFFINGHAM, Ill., April 17.—General Frye and his commonwealth army arrived in this city yesterday 150 strong. General Frye in charge. They went into camp on the outskirts of the city and will remain over one day to rest and clean up. The men are intelligent and well behaved. Mayor Arnold, in behalf of the city, has provided them with food. General Frye addressed an audience of 2,000 from the courthouse steps and was attentively listened to.

At Vandalia Sunday half of the army left the general's command and with proceed to Washington along the line of the Baltimore and Ohio railroad. General Frye with his command will proceed from here along the old National road to Washington. The army seems to be losing strength and number because of the long and tiresome march. They are provided with tents, blankets and cooking utensils and depend upon the people for food.

KELLY'S ARMY ON THE MARCH.

Union Pacific boxcars no longer transport the commonwealthers.

OMAHA, April 17.—Early yesterday morning Sheriff Hazen called on General Kelly and told him that his 24 hours of rest were ended and that he would have to move on by 1 o'clock. Kelly promised to start by that time or soon after. At 1 o'clock the army relinquished the train of Union Pacific boxcars it had occupied since leaving Ogden and prepared for the march.

In the meanwhile Kelly and Hazen had been looking up a route. The general expressed a wish to cross the eastern boundary of Iowa at as near due east of Council Bluffs as possible. This made Davenport the chain of crossings on the Mississippi river and elected the Rock Island as the route to be followed. There was no probability of a train on the Northwestern being captured as that company had abandoned Council Bluffs for the time. Parks Mill, the first station east on the Rock Island, five miles out, was chosen for the camping place for the night. Kelly "hoped" that a train of empty boxcars would pass through during the night. It would then be captured.

During the stay of the army in this vicinity there was no drinking in camp and absolutely no disorder. Many people went to the camp during the day and contributed cash and clothing to the commissary department. Kelly left with provisions enough to last two or three days, and in possession of about \$400 in money.

Burning Boxcars.

DENVER, April 17.—A detachment of Grayson's Colorado regiment, Coxe's army, seized a line of boxcars Sunday night in the Burlington and Missouri yards, just north of here, and, driving off the watchman, intended to force the railroad to haul them east. This not being done several empty cars were set on fire early in the morning, but the fire was put out. At noon, yesterday, the cars were again discovered burning, and 80 were destroyed. The plan now is for the regiment to march out a few miles tomorrow along the Rock Island tracks, where a train of empties will be found ready to be seized and forced to go east.

California's Army Coming.

SAN FRANCISCO, April 17.—The authorities are arranging to send 500 unemployed to Chicago via Mojave for \$2,000. Three hundred members of the second regiment of the industrial army of California marched to the city hall yesterday morning and appealed for assistance. Mayor Ellert and Chief of Police Crowley called upon the Southern Pacific officials and the railroad company is expected to take the men as far as Mojave, where they can be turned over to the Atlantic and Pacific.

Jones' Army Increasing.

NEWPORT, Del., April 17.—After a good breakfast, contributed by the townspeople of Newport, Christopher Columbus Jones and his army started for Newark, nine miles below. Recruits during the night swelled his forces to 46. On the Elkton road, three miles below Newark, a party of about 40 men are in waiting. They propose to join Jones' forces when he reaches there and march with them to Washington.

Secured a Five Dollar Rate.

GUTHRIE, O. T., April 17.—Coxe's army here now numbers 300. Arrangements had been about completed for boxcars on the Santa Fe to Washington, at \$5 per head, providing the full 300 go. As yet only about half the army can raise the \$5. When the start will be made is consequently indefinite.

Awaiting Transportation.

DENVER, April 17.—About 250 men have enrolled in the Denver industrial army under Captain Grayson, which will start for Washington tomorrow if transportation can be secured.

WASHINGTON OFFICIALS SCARED.

What Is to Be Done When the Army Disbands?

WASHINGTON, April 17.—Washington authorities, civil and military, are beginning to take an active interest in the arrival of Coxe's army. As the commonwealth approaches and the stories of detachments from various cities begin to be authenticated, the outlook for a rather troublesome problem for the district authorities to solve becomes bright.

The question is, what will be done with the Coxeites after they disband. The individual members of the army will be without means to get out of the city and General Coxe has disclaimed all intention of leading away the men he brings in. It begins to look as though the men might encamp in the district and practically say to the authorities, "Here we are, and what do you propose to do with us?"

The district commissioners had prepared a list of the statutes under which Coxe and his men could be arrested and dealt with. There is no lack of law; laws against vagrancy, against bringing paupers into the district, against assemblages on the Capitol grounds or processions without a permit.

Commissioner Ross, the president of the board, yesterday said that the authorities do not think they will have trouble in dealing with the Coxe army, and that he considered the invasion chiefly dangerous because of the precedent it would establish. If disgruntled factions were to form the habit of marching upon the Capitol in force to voice their demands, he thought it would be disturbing to legislation and decidedly uncomfortable for the residents of the city.

There are 450 men on the local police force, but of course only a fraction of the body would be available to handle the Coxeites and probabilities are that it would be necessary to call upon the militia for assistance. There are 1,600 troops so well drilled that they could be massed in marching order on two hours' notice from General Albert Ordway, their commander.

Another White Cap Outrage.

RICHMOND, Ky., April 17.—Last night a band of White Caps went to the home of Alex Johnson, a negro, and called him out. They seized him and took him to a point near the fair grounds and tied him to a tree. His clothes were removed and he was whipped with black snake whips until he was raw and almost hideous. He grossly insulted a lady Saturday night. There is some excitement among the negroes over the affair, and if they resent it, it will not be surprising.

Will Be Burned at the Stake.

GAINESVILLE, Tex., April 17.—On Elm creek, five miles from this place, a party of young people were having a picnic, and one of the girls, Hattie Welch, aged 12 years, started with John Baldwin for a farmhouse, a mile distant, on an errand. Not returning search was made, and the girl found in a thicket dead. She had been criminally assaulted and killed. At least 500 citizens are now scouring the country hunting Baldwin, who will be burned at the stake if caught.

Counterfeit Two Dollar Bills.

ST. LOUIS, April 17.—An exceptionally large number of counterfeit \$2 bills are in circulation in this city and are giving the United States secret service no small amount of trouble. The bills are known as the Hancock head variety. The work on them is excellent and no one but an expert could detect them.

COMPLETELY TIED UP

The Great Northern Strike Rapidly Spreading.

HUNDREDS OF MEN QUIT WORK.

Not a Wheel Turning Over Several Divisions of the System—Northern Pacific Employees Will Probably Go Out in Sympathy With the Great Northern Men. No Rioting Has Yet Occurred.

ST. PAUL, April 17.—The Great Northern strike has reached within one division of the city and it is probable that it will soon be nearer. On Sunday, Grand Forks, N. D., was the most western point of the strike, but since then it has extended to Crookston on the Fergus Falls division and to Breckenridge, on the Breckenridge division. East of these points there was no interruption to traffic yesterday and west there was a complete tie-up.

General Manager Case yesterday said that this end of the line was working as usual, but that he had no knowledge whatever from the other end of the line.

Friends of the strikers in this city do not favor the extension of the strike to this division for the reason that they believe the company would have a certain advantage near its headquarters that it would not have anywhere else.

Everything has been quiet here, both at the Great Northern offices and the headquarters of the American union. Everything was running on schedule time from this city to the boundary of the strike territory.

The report received last night from the west that the Northern Pacific employees out there would probably strike in sympathy, cannot be verified here and it is generally discredited.

Meetings of the American Railroad union are being held at Crookston, St. Cloud and Minneapolis, at which meetings it will be decided whether the men at the point named will join the strike. There was some doubt what action would be taken at these meetings.

At St. Cloud the men decided to strike and all members of the union went out at midnight. Everybody, including conductors and brakemen, went out. The men at Crookston are at the dividing line, all west of them being out and the east not having yet gone out. At their next meeting they will decide the matter, but it seems they will not favor the strike. However, they will be much influenced by the action of the men east of them.

There is no sign of a strike at Fergus Falls, except in the non-arrival of trains from the west. The Great Northern employees at that point did not think they would go out, and the railroad men there did not think the strike could possibly win.

West of these points the reports are rather meager, but are all of one kind. Trains are tied up everywhere, and the strikers are confident of victory. At a few points trouble is feared, but generally the men are quiet and no trouble is looked for.

At Grand Forks, the officials wanted to get out a train and had sworn in 20 deputies to protect them, but 300 men assembled at the depot and declared that no train could be made up there. Trouble is feared at that point.

Another attempt was made at Devil's Lake to take out a train, but it failed as had both previous attempts during the last three days. There was no rioting, but the 100 strikers at that point stood their ground and the train was not started. One train was moved at Larimore, N. D., yesterday, but no mails have arrived since Saturday and everything is said to be tied up.

A report has reached Great Falls from Kalispell that a "scab," who was strung up on Saturday night in order to scare him, was allowed to hang too long and did not survive. The report has not been verified, although said to have come from a reliable source in the first place.

Superintendent Currier at Helena has called on the sheriff for protection at Great Falls. The only change in the situation is the endorsement of the strike by the assemblies of the Knights of Labor located in that city.

Smallpox in St. Louis.

ST. LOUIS, April 17.—Considerable excitement was caused at Madison race track yesterday afternoon by the discovery of a case of smallpox in the stables of George Grassmink. A St. Louis health department ambulance was sent over and removed the patient, Newton Grady, 16-year-old boy, to quarantine station on this side of the river. The boy has been sick for some days and the Edwardsville authorities refused to receive him, as his home was in St. Louis.

Plead Guilty of Negligence.

PITTSBURGH, April 17.—Joseph F. Dodds, who caused the wreck at Bessemer, on the Baltimore and Ohio railroad, was allowed to plead guilty yesterday of negligence as a railroad employee and the indictments for murder and manslaughter were allowed to be not pressed. The wreck occurred on the night of Dec. 19, 1893. Two passengers were killed and 12 injured. Dodds will be sentenced on Saturday.

Sentinel Ingalls' Daughter to Marry.

ATLANTON, Kan., April 17.—The engagement is announced of Miss Ethel Ingalls to Dr. Edward G. Blair of this city. Miss Ingalls is the oldest daughter of ex-Senator John J. Ingalls and was for several years a reigning belle in Washington society. She has achieved some prominence as a writer. Three years ago, Dr. Blair was operating surgeon of Roosevelt hospital, New York.

His First Visit to the White House.

WASHINGTON, April 17.—The new senator from Georgia, Mr. Walsh, paid his first visit to the White House yesterday.

MONEY PLANT DISCOVERED.

Where the Funds of the Indianapolis Bank Were Sent.

INDIANAPOLIS, April 17.—The testimony in the prosecution of the Indianapolis bank wreckers yesterday was startling in that it brought out where the money is planted. Ever since the failure of the bank it has been a mystery to all as to where the money went that was secured by the Coffins and Reed, the defendants. They owed the bank \$400,000, but the secret was as to what they did with it.

W. P. Benton, manager of the exchange department of the First National bank of Chicago, yesterday testified that he had sent by cable at different times to Elijah Coffin, an uncle of the defendant Coffins, who was secretary of the London branch of the concern, \$300,000. This is where the money is. The day before the failure of the cabinet company, it sold its New York and Boston branches to employees without a cent and who gave their notes. These notes were sold at auction in New York and bought by Robert L. Harrison, an attorney at 59 Wall street. He was acting for W. E. Coffin, a banker in New York and a brother of the defendants.

The scheme of the Indianapolis Cabinet company, the defendants being the officers, was to establish branch concerns, ship goods to them, then draw for the amount and mark the drafts accepted. These drafts, through the connivance of T. P. Haughey, the president of the bank, would be credited to the cabinet company and the money drawn out to be shipped out of the country.

The bank having received value of the goods the cabinet company sold the stock, which constituted the assets of the branch concerns, and forced the paper on the market at auction, and \$30,000 of it was bought by their brother in New York for \$200. Alfred H. Nutting of New York, the clerk of Harrison, testified to this. W. B. Nutting, the manager of the Boston house, was also on the stand.

Stage Robbed.

ANGEL'S CAMP, Cal., April 17.—The down stage from Angel's Camp, to Milton was robbed yesterday morning by a masked highwayman at Sam Crosetts, about three miles from town. The Wells-Fargo's iron box was opened and the contents taken, amounting to about \$2,000 in silver. Two horsemen coming along at the time were ordered to stop and turn their backs upon the scene, but overheard the robber tell the driver he would count what he got when he had more time. Passengers and mail pouches were unharmed. Deputy Sheriff Drenn and a posse of eight men started out immediately in pursuit of the robber.

Landslide Causes a Wreck.

SALT LAKE CITY, April 17.—A landslide occurred at Webber canon, east of Ogden, last night, on the Union Pacific road, causing an accident to a freight train. A huge mass of rock fell from the cliff 400 feet above the railroad track and demolished the roadbed for a distance of nearly 100 feet. The watchman went forward to flag the passenger train, not being aware that there was a special freight going east. The engineer and fireman of the freight train jumped as the engine was about to crash into the mass of rocks. The fireman had a leg broken. The engine was badly wrecked. The passenger train was delayed several hours.

Changes in the Navy.

WASHINGTON, April 17.—At Honolulu yesterday Admiral Irwin handed down his flag and transferred the command of the vessels on the station to Admiral John Walker, taking his own place on the retired list of the navy. As a result of his retirement Commodore Skeritt, now on the China station, becomes admiral; Captain Joseph N. Miller, commodore; Commander H. F. Taylor, captain; Lieutenant Commander M. R. McKenzie, commander, and Lieutenant W. J. Barnett, lieutenant commander.

Champion Runner on the Ohio.

MADISON, Ind., April 17.—All previous records from Madison to Louisville were broken yesterday evening by the new steamer City of Louisville, which made the run in 3 hours and 17 minutes. This beats the Telegraph's time six minutes and is one minute faster than the Jacob Strader's celebrated run. Commodore Laidley considers the Louisville the champion runner of the Ohio.

Escaped Convict Captured.

MAUCH CHUNK, Penn., April 16.—William E. Hain, alias Robert P. Lord, who escaped from the state prison at Michigan City, Ind., on March 5, was arrested in Mauch Chunk yesterday. Hain was serving a three years' sentence for larceny when he made his escape. J. W. French, warden of the prison, arrived here yesterday and will take Hain back to Indiana.

Lynched Negro's Victim Dying.

REIMS, Ind., April 17.—Mrs. Knowles, the victim of the lynched negro, Newlin, lies very low, with little chance of recovery. A coroner's inquest was commenced on the body of Newlin. Although the negro protested his innocence before he was hanged, and the evidence was purely circumstantial, yet the people feel sure they hanged the right man.

Hussler Is Dead Now.

BOULDER, Colo., April 17.—James Hussler and six other men tried last night to enter Mrs. Cy Deardoff's house of unsavory reputation against her protestations when she opened fire on them and Hussler is dead. The two had trouble before.

Fights Declared On.

MINNEAPOLIS, April 17.—The fight between "Shadow" Maber and Bobby Dobbs, to have taken place at the Twin City Athletic club last night, was declared off, Maber having injured his arm while exercising.

AN OCEAN DISASTER.

The Belgian Steamer DeRuyter Given Up as Lost.

TWENTY-EIGHT MEN ON BOARD.

The Vessel Sailed From Antwerp For Boston on March 12 and Has Never Been Heard From Since—The Loss Officially Posted in Antwerp by the Steamboat Company.

ANTWERP, April 17.—The Belgian steamer DeRuyter, Captain Meyer, which sailed from this port on March 12 bound for Boston, and which has not been sighted since she passed the Lizard the following day, has been officially posted as lost. The DeRuyter was built at Glasgow in 1873 and was 319.7 feet long, 36.2 feet beam and 26.9 feet deep. She registered 2,304 tons net.

The DeRuyter carried a crew of 28 men. Henry Meyer was the captain. His brother is the commander of the Belgian steamer Hermann O. the same line as the DeRuyter, and another brother, who was chief officer of the Dutch steamer Amsterdam, was drowned with five others, Jan. 4, by the capsizing of a lifeboat while endeavoring to rescue the crew of the Gloucester fishing schooner Margie E. Wells.

The DeRuyter was heavily laden and her cargo, which consists largely of beet sugar, in bags, and cases of window-glass, would make it extremely difficult to keep afloat in the event of her being stove in by ice. It is possible, however, that her machinery may have become deranged, or that she has lost her propeller, and, in a helpless condition, she may have drifted to the southward out of the track of European steamers, which would account for her not being spoken by some one of the recent arrivals.

KILLED BY HIS OWN WEAPON.

An Imitator of Western Life Passes in His Chaps.

VEEDERSBURG, Ind., April 17.—Charles Dice and a neighboring farmer, living two miles east of here, were in Covington on Saturday. It seems that both became intoxicated, returning to this place and staying until a late hour. They started away about midnight and when Dice's home was reached he went in after a brace of revolvers, telling his wife that he was going back to Veedersburg. It is thought by some that he wanted to settle an old hatred for Mr. Scherer, city marshal of this place.

As he was entering his buggy a large 44-caliber revolver was discharged, the ball entering his abdomen. With the single exclamation to his wife, "My God, I am shot," he fell to the ground and expired in a few minutes, making no statement how the accident occurred. The coroner rendered a verdict in accordance with the above circumstances. Dice was a young man with a family. He was a constant reader of yellow-back literature and an incessant drinker, which led him to imitate western life.

BOY BURGLARS.

Discovered in Their Cave Surrounded With Their Plunder.

CRAWFORDSVILLE, Ind., April 17.—Three families of Crawfordville are in mourning over the disgraceful fate which has overtaken their children. Harry Bishop, Owen Miller and Archie Gilbert were arrested for conducting a series of most daring burglaries among Crawfordville business houses.

For months these robberies have been continued and large amounts of goods have been stolen. Last night the boys were found in their caves in the midst of bales of stolen goods. The astonishing part of the affair is that none of the lads are over 14 years old. They confessed their guilt, and will be sent to the reform school. The boys were inspired by dime novels. The police previously overlooked the boys in their search for the professionals, whom they believed to be conducting the work.

BOILER EXPLOSION.

Two Men Killed and Several Others Badly Injured.

SPRINGFIELD, O., April 17.—At 1 o'clock yesterday afternoon Breece's saw-mill, near Bainbridge, was wrecked by the boiler exploding, and Engineer Nate Weatherby and Frank Breece, brother of the proprietor, instantly killed.

The following persons were wounded: Grant Martin, skull fractured and badly scalded; he will probably die. Samuel Husted, leg mangled and hurt internally.

Charles Bosler, leg broken and badly crushed. E. A. Eberhart and Noah Little, seriously scalded.

The boiler had been condemned for a year and at the time of the explosion carried only 80 pounds of steam.

Miners Quit Work.

BRAZIL, Ind., April 17.—Three hundred miners employed by the J. McIntosh company, in the Caseyville mines, north of here, quit work yesterday afternoon. Mr. McIntosh, in an interview, said he was unable to learn the cause of their action. John S. Kennedy, secretary of the United Mine Workers' association, was in the vicinity yesterday arranging for a miners' mass meeting here the 21st of the month to determine whether block coal miners will join in the general strike or continue work until the expiration of their present contract.

Trusted Messenger For Years.

NEW YORK, April 17.—John C. Barkley, the boss truckman of Wall street, died yesterday of rheumatism of the heart. He was 76 years old and for almost half a century has been the trusted messenger of the big specie and bullion houses of the city.

*Fair weather; southeast winds;
slightly cooler in northern por-
tions.*

SENATOR BRICE of Ohio and Senator Smith of New Jersey are both classed among the opposers of the Wilson bill, and the Dana-McLean crowd of Democrats have intimated that these Senators would vote against the measure. And yet, in the face of such talk, these Senators have both predicted in the past day or so that the bill will pass. Mr. Brice believes it will pass not far from June 10, and Mr. Smith thinks it will pass about June 1st.

FANCY TRIFLES IN SILVER.

An Almost Endless List of Pretty Things For the Escritoire.

There is no end to the list of pretty silver trifles intended for the escritoire. Among them are pen and pencil cases, stampboxes and trays in numberless pretty designs and some charming little paper holders made after the pattern of flat candlesticks. These are both round and square, but the prettiest are the heart shaped ones, embossed around the edge and having a handle placed at the division of the wide end of the heart. The wax tapers are of the diameter of a lead pencil and come in red, blue, yellow, green and pink.

The fashion of wide silk ruffles on couch cushions has not yet been abandoned, although it gives them rather a millinery look. The stamped silks and velvets used for covering the pillows are extremely pretty. A yellow china silk is shown decorated with

EMBROIDERED DOILY.

paler yellow tulips and light brown leaves, while a dull red velvet has immense dandelions, with their leaves beautifully shaded, closely covering the ground. A cushion made of this velvet had a yellow fringe around the edge.

The rocco gold open work photograph frames, which were so expensive a short time ago, are being sold at greatly reduced prices and are really very attractive. They come in cabinet size, both oval and square, and are provided with a glass face and a brace at the back. Another thing that is selling at a reduction is lizard skin. Formerly the carcases, bags, purses and other articles made of it commanded a high price; but, whether it be on account of hard times or a sudden surplus of lizards, they are selling now at the same price as goods made of kid, alligator and seal. They come in various colors, but none is prettier than the natural ivory tint.

Fine white linen is still the favorite material for doilies, daintily embroidered with small flowers in the natural tints. Round ones are shown six inches across and fringed out around the edge. The fringing is headed by a fine corded stitching in white silk, and inside this is a row of fancy stitching in white. Inside this again is the wreath of flowers—violets, forget-me-nots or tiny pansies—while the center is plain.

JUDIC CHOLLET.

A Household Treasurer.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he had used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested? Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1.00.

PHOENIXVILLE, PA.—The Phoenix Iron Works, employing 1,200 men, are now running night and day.

The William Smith Balmoral Needle Works, which have been idle for some months, have resumed operations on a larger scale.

The American Metal Surgical Works, which have been idle since January, started up on April 2.

REV. E. B. CAKE.

What a Missouri Man Who Recently Heard Him Think of His Preaching.

The World Has a Clearer and Higher Conception of the Eternal One Now Than It Had in Its Infancy.

[Nevada (Mo.) Mail, April 13.]

Editors Mail: Ever since Rev. Cake held a meeting here a short time since, I have felt so impressed with the advanced ideas entertained by him that I cannot longer refrain from giving to him my unqualified endorsement.

I heard him a number of times while he preached here recently, and have often thought since then what a treat it would be for every community in the land to hear such a series of sermons at least once a year, if they could not hear them every week in the year.

I have heard of some in this community during the time he preached here complaining of his preaching on account of what they called "a lack of orthodoxy." That is to say, as I understood them, he does not believe some of the various doctrinal texts of the Bible just as they do—does not believe in all respects just as those people did who formulated the creeds of the various churches, one hundred, two hundred and three hundred or more years ago; and because he does not see, with all the advantages of the present generation over preceding ones, just as his critics do, they are calling upon him to halt. If people were so unreasonable and non-progressive as this class of people in every other branch of learning and knowledge the world would remain as it was several hundred years since in the matter of general information, and of course their conduct would be inexcusable.

Now, to get right at the truth without beating around: What does Rev. Cake claim in his preaching which some object to? It is simply that each age has the undoubted right—and not only has the right but should exercise it, to place its own interpretation upon the Scriptures, being guided by all the light which is obtainable from every legitimate source. He says that we do not yet know the whole truth upon any great subject, much less do we know it all upon this greatest and most comprehensive subject the human mind has ever been called upon to investigate. I think there is no one who will reflect for a moment who will attempt to controvert this statement. This being true, as he claims, can we afford to ignore the truth? Can we afford to close our eyes and refuse to see new truths when they are held up to our view?

He does not ask any one to accept any particular interpretation as has heretofore been common with most denominational bodies, but only the right to interpret. Why not get all the light we possibly can on this great theme? He says that the first books of the Bible were written in the world's childhood, and the people, consequently, spoke as children; that it has been growing in knowledge and wisdom ever since until now it has a much clearer and higher conception of the Eternal One than it had in its infancy. As evidence of this fact we have, as he says, discarded the unpleasant and erroneous idea of an angry and wrathful God with flaming sword in hand destroying indiscriminately the wicked and the innocent, for a God full of tenderness, full of compassion and overflowing with forgiveness and plentiful mercy.

Some few actually look upon these progressive truths as something startling, an innovation not to be tolerated, when it is the only natural and reasonable course for enlightened and cultured ministers to pursue. In this day and age when we are constantly learning more and more of these questions, and when the human mind is actually hungering and thirsting after these better things and greater truths it is little less than criminal ignorance on the part of Christian teachers to wilfully refuse to investigate and learn, and having done so then to proclaim the new truths boldly and fearlessly. In reading up on this subject I find that there are more learned Biblical students and critics taking the position that Rev. Cake is than I at first supposed. In fact, the majority of the greatest ministers are standing shoulder to shoulder with him in championing the cause of progressive truth. With him stand such eminent scholars as Dr. Samuel Davidson, Canon Thomas K. Cheyne, Dr. Samuel R. Driver, Rev. Charles Gore, Prof. Charles A. Briggs, Dr. Wm. R. Harper, Rev. Benjamin Wisner Bacon, Prof. C. H. Foy, Dr. Orellio Cone, Dr. George T. Ladd, Rev. Washington Gladden and many others of equally eminent and pious character. These men are doing a great work.

The chief thought in Rev. Cake's preaching to me seemed that he desired to impress upon his hearers the important fact that this enlightened age, and every one hereafter succeeding it has the undoubted right to extract from the Bible every truth contained in its teachings, as far as possible, which had not heretofore been brought to light and upon discovering it present it to the thinking, believing world and give humanity the benefit of it; that we, with more knowledge on the subject than was possessed by those who discovered the great truths in the ages that have gone, ought to, and must, if we would be men and would labor to increase the talents with which we are endowed, labor incessantly in this yet unexplored field of discovery, and in the end be able to add something to the great fund of learning from which others coming after us may draw still higher aspiration.

I trust that the dawn of the brighter day is at hand when the people, the good, intelligent and thinking people of the land, will refuse to be bound down with the chains that have been riveted upon them by the theological dogmatists, and will stand up in the broad light and live and grow in the eternal truth as proclaimed by these progressive teachers. If Rev. Cake continues with his co-workers to discover the real teachings of the Bible and to unfold, as he did here, in such a perspicuous manner, the great truths which constitute the moral universe to his congregations, his labors will in the end bring him a crown of glory worn only by those who have risen to the full measure of real manhood.

A FOLLOWER.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. FIRE, wind and tornado insurance, by Duley & Baldwin, Court street.

The Old Friend

And the best friend that never fails you is Simmons' Liver Regulator, (the Red Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

It is the King of Liver Medicines; is better than pills, and takes the place of Quinine and Calomel. It acts directly on the Liver, Kidney and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry or made into a tea.

EVERY PACKAGE Has the Z Stamp in red on wrapper J. H. ZEILIN & CO., Philadelphia, Pa.

VESTED RIGHTS.

Opinion of the Court of Appeals in the Bracken Academy Case, From Augusta.

In affirming the case of the Trustees of Bracken Academy against Graded School District No. 2 of Augusta, the Court of Appeals says:

Where under the act of 1798 donating lands to the different counties of the State for the purpose of establishing seminaries of learning the trustees in whom was vested the title and control of the lands donated to a particular county have, under legislative authority, sold the lands and with the proceeds erected buildings and established a school in accordance with the provisions of the act, the Legislature has no power to take from these trustees or their successors the title to the property and vest it in the trustees of the common school district. And this is true, although the original act making the donation provided that it should "be subject to any future order of the Legislature." It being also provided that "the donation herein made shall forever continue appropriated to the use of seminaries." And even if the Legislature had the power to apply the property to common school uses it would have no right to give it to one of the school districts of the county to the exclusion of the other districts.

Second—While the grant is irrevocable, the power exists on the part of the judiciary when called upon to see that the trustees of this fund or of the buildings and grounds use them as a seminary for educational purposes, and to remove them and appoint others upon their failure in good faith to carry out the purposes of the donation.

J. B. Clark, George Doniphan, Wm. H. Holt for appellant; W. H. Wadsworth, Cochran & Son, J. R. Minor for appellee.

Madeline Merli.

Madeline Merli will appear at the opera house on Saturday evening. The following notice of this distinguished actress is from the New York Dramatic News of October 8th:

The first page of the current issue is made attractive by an excellent portrait of Madeline Merli, the Italian star actress, who has lately achieved such pronounced success in emotional roles. Signora Merli is at present playing "The Story of a Kiss" in the largest New England cities, and her performances have been received with applause by large audiences, and with unstinted praise by the critics. New Yorkers will have an opportunity of seeing her on the Metropolitan stage before the end of the season.

Best Offer Our Citizens Have Had For a Long Time.

Messrs. Jno. T. Martin & Co. have bought a large number of tickets on the guessing contest at Zanesville, Ohio, where six thousand and thirty dollars will be distributed among the lucky guessers July 1st. They give a ticket with every cash dollar spent with them. Their reputation for selling goods better and cheaper than other first class houses needs no comment.

Mr. Ingalls Complimented.

President Dewey in Chicago, said: "Mr. Vanderbilt and myself have made an inspection of the Chesapeake and Ohio, and find the property in excellent condition. The Vanderbilts have considerable interest in the road, and are paying attention to its affairs. We think Mr. Ingalls has done exceedingly well in building up the property. The road is in good shape and increasing in popularity."

LEXINGTON'S cannery will have a capacity of 50,000 cans daily.

ANNOUNCEMENT.

WE are authorized to announce K. K. HART, of Fleming County, as a candidate for Congress, subject to the action of the Democratic party.

THOUSANDS TESTIFY,

So will you, that

"El Racimo" Cigars

Have no equal for 5 cents. Ask your dealer for them.

E. R. WEBSTER & CO., Wholesale Agts., CINCINNATI.

HANDKERCHIEFS

Are the attractive staples in which we now offer bargains. You must have Handkerchiefs. They are civilization's necessity, and pretty, dainty ones are a badge of womanly refinement.

Beautiful Linen Handkerchiefs, handsomely Embroidered, with Scalloped or Hemstitched edges, only 15 cents each.

These goods we have never sold under 25 cents. Unbelieving Thomases, we solicit your inspection.

Our Laces would tempt the economy of a miser, and they are just what the matrons, bachelor girls and buds must have for summer conquests. Our stock embraces Point de Venice, Burges, Point d'Esprit, Bourdon, Valenciennes, Chantilly, Irish Point, Spanish Guipure, in match Laces and Insertings at a yard, 15c. up. This is a Lace season, and a larger selection than we offer would be hard to find. Come early, before choice is taken.

D. HUNT & SON.

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion, Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARDEE, M. D., 125th Street and 7th Ave., New York City.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by J. James Wood.

INTERIOR Journal: "The County Clerk of Carroll County ran for office once too often. Not satisfied with holding the position twenty-eight years, he offered for the Democratic nomination last week and met his Waterloo in the person of a Mr. Scott, who was chosen the nominee."

Eat our peanut candy. Perfectly pure. Always fresh. JOHN C. PECOR

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

IN MEMORIAM.

Died, December 29, 1893, Mrs. Nancy Berry, in the sixty-first year of her age. Sister Berry was born May 26, 1833; was married to Mr. Berry in April, 1857, and joined the Stone Lick Old School (Anti-Means) Baptist Church, September, 1868. She was baptized by the late Elder D. S. Bradley, remaining a worthy member of the church to her death. The circumstances surrounding her death were sad. She had walked out from the house into the field. The family becoming uneasy about her, a daughter went to look for her, and the daughter not returning soon the family went to see after them both, and found them on the ground together, the mother dead and the daughter in a swoon. Sister Berry did not appear to be sick on that particular morning, but seemed to be in as good health as usual. She had previously had some indications of heart trouble, but no alarming symptoms. She leaves a kind husband, five children, several grandchildren, relatives, neighbors and friends, together with the church of which she was a faithful member, to mourn their loss. She was a loving wife, an indulgent mother, a kind neighbor and a sound Old School Baptist. Our loss is her eternal gain.

The writer was called upon to officiate at her funeral, which he did by reading the fifteenth chapter of I Corinthians and speaking in prayer, believing that one of the most lovely has the right to approach the God of the "poor of this world" in prayer for himself and for the sorrowing, afflicted ones. "But we sorrow not, for we believe that 'they also which sleep in Jesus will God bring with Him,' based upon the fact that 'Jesus died and rose again.' Hence in the dawn of the eternal day when all earthly things shall pass away, 'all that are in the graves shall hear his voice and shall come forth; they that have done good, unto the resurrection of life, and they that have done evil, unto the resurrection of damnation.' John 11: 25 and 26. May you and I, my brother, who have realized such bitter persecution here from false brethren, as well as from open and avowed enemies, together with all the blood-washed through experience the full fruition of our hope and prayer, in any desire for Jesus' sake. J. H. WALLINGFORD, Plumville, Ky., April 11, 1894.

IT IS NO IDLE DREAM,

But a startling reality, as hundreds will testify who have taken advantage of our popular special cut-price system for cash buying. More startling news was promised. Here it is, and more to come. Just look at the column:

For building two and one-quarter miles of turnpike from Hebron to Salem Ridge, in Mason County, Ky. Bids will be opened Saturday, April 28, 1894, at Patterson & Coburn's store, Germantown, Ky. For specifications apply to Powell B. Owens, President, near Fern Leaf, or to W. C. Pelham, Maysville, Ky. The right reserved to reject any and all bids. Address LEON PATTERSON, Secretary, Germantown, Ky., Turnpike Bids.

THE INGATHERING.

Over One Hundred of the New Converts United With the Churches Last Night.

The various religious denominations of the city that joined in the Fife meetings last week and the week before held services last night in order to give the new converts an opportunity to unite with the church of their choice. There was a good attendance at all the houses of worship, and over one hundred of the converts were received into membership. The additions to the various churches were as follows:

First Presbyterian.....	14
Central Presbyterian.....	9
First Baptist.....	35
M. E. Church.....	24
M. E. Church, South.....	24
Total.....	106

These are the reports received at this writing. At the Baptist Church there were several other applicants in addition to those received and at the M. E. Church nine or ten renewed their vows.

Services to-night at all the churches named. The public invited.

In correcting the proof of yesterday's notice of the closing of the Fife meetings the compositor got the number of converts 530 in the head lines. The correct number was 350 as stated in the body of the article.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

Real Estate Transfers.

James N. Boyd and wife to the Dover Canning Company, house and lot in Dover; consideration, \$500.

J. D. Cushman and wife to Dr. John A. Reed, 257 acres, 3 roads and 35 poles near Minerva; consideration, \$12,898.44.

A SEALED envelope postmarked at Helena was received by the BULLETIN yesterday, but there was nothing in it, at all. It was the only envelope received from that point, and if the sender sees this notice he will know he failed to inclose his letter.

THERE will be preaching at the First Baptist Church to-night at 7:30 by Rev. M. B. Adams. Song service begins at 7. All invited and all are requested to bring the song book used in the Fife meetings. There was a large attendance last night, and thirty-three additions to the membership.

THE interest in the revival was not in the least abated at the M. E. Church, South, last night. The congregation filled the audience room and entered so heartily into the service that it appeared, as one remarked, "like an adjourned Fife meeting." Twenty-four applied for membership and others signified their purpose to do so in the future. There will be services to-night, beginning at 7:30. Bring your Bibles and song books.

T. W. WATTS, Pastor.

NEWPORT News, Va., makes a most gratifying showing as a shipping port in the face of the business depression, figures recently furnished demonstrating its rapid growth as an export point. For the first three months of last year the value of exports to foreign countries amounted to \$2,101,226, while for the same months this year they aggregated \$3,401,119, an increase of \$1,300,893. The figures may also be taken as an indication of the increase in the export traffic of the C. and O.

THERE was a good attendance and deep interest at the service in the Methodist Episcopal Church last night, and when the invitation was given for all to come forward that wanted to unite with the M. E. Church, twenty-three responded and nine more renewed their vows, making a total of thirty-two. There have been forty-nine additions and nine renewals, or a total of fifty-eight additions and renewals to this church this year. Services to-night at 7:15. All are invited. You will be welcome.

D. P. HOLZ, Pastor.

IN 1840 the tomato was a weed, its fruit was regarded as poisonous; in 1843 Mr. Harrison W. Crosby put some of the fruit up, and after proving it was good for food sold his product for 50 cents a can. To-day better tomatoes can be bought for 5 cents per can. In 1882 there was packed 24,000,000 three-pound cans of tomatoes in the United States. In 1892 the pack amounted to 82,000,000 cans. Out of the entire number packed the State of Maryland, New Jersey and Delaware put up 50,000,000 cans, the States of Maryland putting up in round numbers 1,000,000 cases or 24,000,000 cans of tomatoes, most of them being put up in the city of Baltimore, many of the tomatoes being shipped long distances to the factory.

TAY Calhoun's combination coffee.

THE Popular tobacco—Raincrow Twist.

MELON seed at Chenoweth's drug store.

THE Catholic societies of this city will attend the dedication of a church at Bellevue on Sunday, May 6th. They will leave here on a special train on the morning of the 6th, and will arrive at Bellevue in time to witness the dedication.

R. B. YOUNG will have a good string of trotters in the Bluegrass Circuit this year. He has a Maximus gelding, Tom Shirley, 2:20, out of a mare by Nutwood. Also Amy King, 2:22, by Mambrino King, dam by Clay and Naiad King 2:23, by Recorder, dam Naiad Queen; besides a number of promising two and three-year-olds by Hammermark.

PURCHING at Central Presbyterian Church to-night at 7:30 by the Rev. John G. Anderson, of Millersburg. A full attendance of the members is desired, and all others cordially invited. Any of the now converts who have not yet selected a church home are kindly invited to come and worship with us. Preaching every night this week.

W. O. COCHRANE, Pastor.

MA. ROBERT THEODORE THOMAS died this morning at 2:30 o'clock at the home of his parents in Clifton. His critical illness was mentioned a few days ago. He had been in failing health for several years, and had been confined to his home for several months. Deceased was a son of Mr. and Mrs. E. H. Thomas, and was twenty-five years of age. The remains will be interred Wednesday afternoon from the residence. Burial private.

Dunn-Knox

The marriage of Mr. John H. Dunn and Miss Ella Knox, both of this city, was solemnized at 5 o'clock this morning at St. Patrick's Church, Rev. J. B. Glorieux officiating. The couple left on the early train for St. Louis and will take in several points in the South on their wedding trip. The groom has held a position as baggage-master on the Maysville branch of the L. and N. for years, and has won a most excellent young woman to share the future with him.

The "boys" who know and esteem them both have asked the BULLETIN to publish the following lines upon their happy union.

When Youth meets Beauty both are glad;
Two hearts are happy, none are sad.
When spring smiles on a happy pair,
And sunshine fills the ambient air:
When April showers softly fall,
Each heart may, to the other, call
In accents low, like cooling dove,
One to the other speaking love:
And years may come, and troubles be,
But may these two no sorrow see:
May they be one, till death shall part.
And sunshine kiss them from the start.

A Card.

We wish to correct an impression gotten out that we have discontinued the buggy business. We have not, nor do we intend to. We carry in stock a full line of first-class vehicles of all kinds. And these who intend purchasing, we courteously invite to call and examine our stock before placing their orders, as we are confident that we can please all. We guarantee prices and quality.

Respectfully,
THOMPSON & MCATEE.

BALENGER, the jeweler, has the largest line of clocks in Maysville, from the cheapest wooden to the finest onyx, and they are warranted good time-keepers. That's the kind to buy. Don't fail to see his stock.

THE books of the People's Building Association are now open for subscription to stock in the fourth series, commencing Saturday, May 5th, 1894. Call on Robt. L. Baldwin, Secretary, Jno. Duley, Treasurer, C. L. Sallee, Attorney, or any of the directors.

EDWARD JONES, charged with horse stealing, was in the Police Court this morning, and was held over in the sum of \$500. In default of bail he was sent to jail. He is accused of stealing a horse at Mt. Sterling. He sold the animal to Mr. R. A. Carr, of this city.

SERVICES in First Presbyterian Church to-night at half-past seven o'clock. The communion of the Lord's Supper will be administered in this church next Sabbath morning. Any additional persons desiring to unite with the church are requested to be present to-night for that purpose.

HAVE you seen those beautiful banquet and boudoir lamps at Murphy's, the jeweler? If not call and see them, they are surprisingly cheap. He also has a beautiful line of gilt tables with onyx tops, also a fine line of gilt and silver tables. He has also received some of the most exquisite pieces in sterling silver ever shown here.

JAMES FERGUSON, an old resident of Wayne County, W. Va., who died in his ninetieth year a few days ago, has a good list of descendants. The list includes six children, thirty grandchildren, seventy-nine great-grandchildren and six great-great-grandchildren. There are several of the descendants in the West, and the above list only includes the ones now living in Wayne County.

MARY HYATT and Dart Holliday were fined \$5 and costs each in the Police Court for using abusive language. There were two charges against Wm. Dixon. He was given \$10 and costs for a breach of the peace and \$5 and costs for being drunk and disorderly. Warren Gilbert was fined \$5 and costs for being drunk and disorderly, and John W. McKinley \$1 and trimmings for a plain drunk.

At Huntingdon, Tenn., a party of young bloods took a green student out snipe hunting Saturday night, and planned to scare him into fits by carrying a number of loaded revolvers to fire off at the opportune time. The student was easily duped, but when the firing was over, Will Harper, an eighteen-year-old boy, who was at that time passing along the levee, lay mortally wounded. Harper had been in town calling upon his sweetheart, and knew nothing of the game until he fell. He survived only an hour.

A SPECIAL from West Union, O., says: "A woman with a little child arrived at this place Saturday evening and registered at the Downing Hotel as Mrs. Dawson, of Winchester, O. Shortly afterward a man followed, stopping at the same place. Sunday morning they left town together, going East. The husband of the woman followed later, and on learning of the conduct of his wife, his rage knew no bounds. He quickly followed them, swearing vengeance on his wife's abductor. It is not known yet whether he has overtaken them or not."

CORSETS!

Senator Morgan's Report Urging a Government Guarantee.

WASHINGTON, April 17.—Senator Morgan has completed and will present to the senate within the next day or two his report on the Nicaragua canal. The report, after referring to the suspension of work on the canal owing to the monetary stringency of the last year, has the following to say of the canal plant:

"In consequence of the suspension there has been some loss, but not of a serious character, in the depreciation of the plant connected with the construction of the canal, but all the dredges and machinery requisite for dredging, and the houses, structures and wharves necessary for the work on the eastern division have been supplied, and with slight repairs are in condition for the immediate resumption of work on the canal. Carefully revised estimates of the cost of the canal and the work connected with it makes the total \$87,799,579, at the outside."

Senator Morgan then says that public sentiment favors the building of the canal under government auspices, and both political parties have endorsed this action. Failure of congress to take action will compel the canal company to accept offers of foreign capitalists. He thinks that when the canal is finished the land grant alone will be worth \$10,000,000. Of the value of the canal from another view he says: "To the United States, in a political and strategic view, and as a sea route to our Pacific coasts, shortened by more than half the length of the present ocean route, this waterway is of greater importance than the Suez canal is to Europe and Great Britain, or than the freedom of the Bosphorus would be to Russia."

"If it shall result from our indifference or dread of expansion in the direction of national duty and of self-preservation that Great Britain or any other great European power shall get the control of the concessions that we have so far refused, the result is even now plainly manifest that the Central American states will repeat the experience of Egypt. Then we shall have our country broken in its coast line of trade and defenses by a European power, not in violation of the Monroe doctrine, but this will be done in the name of these republics on and near the line of the canal."

In conclusion, Senator Morgan says he does not think it will ever be necessary for the government to advance any money, either for interest on the bonds or for the construction of the canal. The interest on the bonds, even after \$70,000,000 has been expended, is \$2,100,000 per annum. If it requires seven years to complete the canal, the issue of bonds required will be about \$10,000,000 each year; that is, \$300,000 the first year, \$600,000 the second year, \$900,000 the third year, and so on until the seventh year, when the sum needed to meet the interest would be \$2,100,000. At that time the canal will be opened and in full operation, and its income even for the first year will reach \$5,000,000 at the rate of tolls now received by the Suez canal.

RESPECT FOR SENATOR VANCE.

No Business Transacted in Either the House or Senate.

WASHINGTON, April 17.—Owing to the death of Senator Vance, the house transacted no public business yesterday. Resolutions of respect to the memory of the distinguished North Carolina statesman were unanimously adopted. The house, as a body, participated in the funeral ceremonies in the senate.

The following members of the house were appointed a committee to accompany the remains of the late senator to North Carolina: Messrs. Henderson of North Carolina, Black of Illinois, Alexander of North Carolina, Brookshire of Indiana, Crawford of North Carolina, Daniels of New York, Strong of Ohio, Blair of New Hampshire and Hook of Tennessee.

Appropriate resolutions were also adopted in honor of the memory of General Henry W. Slocum, the gallant Union general, formerly a member of the house, who died in Brooklyn last Saturday, and then as a further mark of respect for Senator Vance, the house adjourned.

In the Senate.

WASHINGTON, April 17.—The senate paid respect to the memory of the late Senator Vance of North Carolina. In his opening prayer the chaplain alluded to the deceased in words of touching sympathy and honor. Appropriate resolutions were adopted and the following honorary pallbearers, on the part of the senate, were appointed by the vice president: Senators Morrill, Sherman, Harris and McPherson.

The senate then recessed until the hour when the funeral services were conducted in the senate chamber. At the conclusion of the ceremonies the senate adjourned.

Mexican Dollar Mintage.

CITY OF MEXICO, April 17.—There is no truth in the report that the government is apprehensive of a heavy importation of American bar silver for coinage into Mexican dollars, and intends to immediately place a duty on the entrance of foreign silver. It is not believed that the American government would enter into negotiation for the coinage of Mexican dollars in American mints.

Taken the Oath of Office.

WASHINGTON, April 17.—Mr. Mullen of Kentucky, who will succeed Mr. Blacklock as United States consul general at Apia, Samoa, has been at the state department and taken the oath of office. He left yesterday for Kentucky, and upon his return will receive his instructions and depart for his post.

Treasury Statement.

WASHINGTON, April 17.—The cash balance in the treasury at the close of business yesterday was \$132,021,993, and the net gold \$108,950,593, which is a loss on account of Saturday's exports of \$2,182,116.

Policeman Convicted of Murder.

BLUEFIELD, W. Va., April 17.—William A. Stout, the policeman who recently shot and killed Deputy Marshal J. H. Vest, was convicted of murder yesterday. The jury recommended imprisonment for life.

Killed Her Stepson.

PITTSBURG, April 17.—Mrs. Lou Plaisney shot and instantly killed her stepson yesterday. She had ordered him to go and help her husband do some work. This angered young Plaisney and he advanced toward his stepmother with a knife, whereupon Mrs. Plaisney seized a revolver and shot him. Deputy Sheriff John O'Neil has gone to the place of the murder. Young Plaisney was about 30 years old and his stepmother 68.

No National Coal Trust.

COLUMBUS, O., April 17.—E. A. Cole, Hocking Coal and Iron company, being asked as to the truth of the story that a national coal trust is to be inaugurated, said there was no truth in it. "If," said he, "there were but 100 operators it might be done, but with an operator at each crossroads, the thing is not practical."

Bara Burned by Incendiaries.

CHILLICOTHE, O., April 17.—The \$5,000 barn of Henry Haines, near Adelphi, was burned by unknown incendiaries last night and everything it contained. The two men who did the work then escaped, after stealing a \$100 horse and buggy.

Her Wish Not Granted.

FRANKFORT, Ky., April 17.—Mrs. Lucy Hawkins Tate, wife of James W. Tate, died yesterday afternoon. Her cherished wish, that her husband be pardoned before her death, was not granted.

Bandit Sent Up For Life.

FRESNO, Cal., April 17.—Ed Morrell, partner of Bandit Chris Evans, was yesterday sentenced by Judge Harris to life imprisonment at Folsom for robbery. Evans and Morrell held up a constable while making their escape from Fresno prison three months ago.

Louisville Tobacco Market.

Furnished by Glover & Durrett, Louisville To

bacco Warehouse. Sales on our market for the week just closed amount to 2,654 hhds., with receipts for the same period, 1,825 hhds. Sales on our market since January 1st, amount to 61,310 hhds. Sales of the crop of 1898 on our market to this date amount to 62,731 hhds.

The market showed increased strength over that of last week on all grades. While there can be no question of the fact that a large per cent. of the plants which were already up were destroyed by the recent cold weather, there is nothing in the situation to curtail the proposed planting, if the weather in June is favorable for transplanting.

The following quotations fairly represent our market for burley tobacco (1898 crop): Trash (dark) or damaged tobacco..... 3 50@3 50 Common color trash..... 4 00@4 50 Medium to good color trash..... 5 00@5 50 Common lugs, not color..... 6 00@6 50 Common color lugs..... 7 50@9 00 Medium to good color lugs..... 8 00@11 00 Medium to good leaf..... 11 00@15 00 Good to fine leaf..... 15 00@21 50 Select wrapery leaf..... 18 00@21 50

Cincinnati Tobacco Market.

The week's offerings were very light—less than during any week this year, and only a small number more than has frequently been on sale in one day. Receipts continue light, of about the same size as last week.

While the transaction on the breaks have been small, they were not satisfactory, as there was a generally easy market shown, as manufacturers were not active bidders, taking only a few lots here and there, showing no desire to make much of a profit in their stocks, and only fairly satisfied enough to carry them in the present state of business. The speculative demand is quiet, as this class of buyers are not doing much on the present state of the market.

New tobaccos—common trash, lugs and smokers composing the main portion of the offerings—were in fair demand and generally accepted. Medium lugs and leaf meet with no special demand, and prices are only fairly satisfactory. The small number of hhds good leaf find a fair demand and sell very well.

Old tobaccos do not command any special attention, and the market is unchanged in the last week. Prevailing prices, though, are being accepted.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
